SUMMARY

Motivated Junior Software Engineer with a solid foundation in programming languages such as Java and Python, and a passion for developing innovative software solutions. Eager to contribute to a dynamic team and leverage my skills in problem-solving and collaboration to drive project success. Committed to continuous learning and growth, I am excited about the opportunity to join your team and help create impactful technology. Creative thinker with a passion for building new projects. Experienced in JavaScript, React.js, solidity and Python. Looking to bring fresh ideas to a forward-thinking team.

EXPERIENCE

❖ Junior Software engineer, VestPi Feb 2024 – Jul 2025
Uyo, Akwa Ibom State

Developed and maintained web applications using JavaScript and React. Collaborated with senior engineers to enhance software functionality and performance. Implemented unit tests, increasing code reliability and reducing bugs by 30%. Engaged in continuous learning, acquiring new skills in Python and cloud technologies. Supported deployment processes, ensuring smooth transitions to production environments.

EDUCATION

❖ Akwa Ibom State University Nov 2019 – Dec 2023
BSc, Mathematics Akwa Ibom State, Nigeria

Graduated with Honors, achieving a GPA of 4.56. Completed advanced coursework in Abstract Algebra and Real Analysis. Presented research on mathematical modeling at a national conference. Led a team project that developed a statistical analysis tool for data sets.

SKILLS

Problem-Solving Team Collaboration
Unit Testing Code Review

LANGUAGES

English Proficient

HOBBIES AND INTERESTS

❖ Footballing
